

La Jolla Historical Society Jewel Award

Thank you for your interest in preserving the heritage and character of La Jolla! The annual Jewel Awards of the Historical Society, organized by the La Jolla Landmark Group, recognize the patience, perseverance, resources and talent that go into such preservation efforts.

Projects for Jewel Awards for Restoration or Rehabilitation may be nominated by owners, architects, contractors or others. Nominees are evaluated on the basis of available information, photographic evidence, and interviews with key stakeholders. Properties do not need to be historically designated buildings, but the Secretary of Interior's Standards for Preservation/Historic Rehabilitation are used in the review of nominations. Award winners are then selected by the Historical Society's Board of Directors, and announced at a private celebration.

More information about the awards is available on the Historical Society's website (<https://www.lajollahistory.org/jewel-award>).

We welcome your nomination using the form below.

- Please complete and send the application with available photographs to: lajollalandmarkgroup@gmail.com
- Deadline: July 15, 2024
- Projects must be located in La Jolla and have been completed within the last two years.
- Projects can be nominated for restoration, rehabilitation (modernization) or preservation of a historic (not necessarily designated) structure.

Building or Project Name _____

Historic Name (if designated) _____

Project Street Address _____

La Jolla CA

Architectural Style _____

Original Construction Year _____

Original Owner (if known) _____

Original Architect/Builder (if known) _____

Current Owner's Name(s) _____

Nominee's relationship to project if other than Owner:

Architect ___ Builder/Contractor ___ Craftsperson ___

Other (please specify) _____

Nominee Contact Information:

Email _____

Phone _____

Street Address _____

City _____ State _____ Zip Code _____

Project Summary: Please attach a 1-2 page description of the project, explaining:

- why the structure is important in the community, including any historic context you have for the structure
- why the work was undertaken
- the work that was done, including any particular challenges faced
- key partners involved in the project
- why the project merits recognition

Photographs: Please include high quality photographs taken before and after the project to document the work done. Please include a listing of captions or descriptions for each photo (example: "front facade prior to project"). If photograph file is too large to include with questionnaire email, feel free to share them via the free WeTransfer file service (<https://wetransfer.com>).
